***MENTOR LIST**

As part of the 5-Star Environmental Recognition Program, shops earning all 5 stars can volunteer to serve as mentors to others in the industry. While providing assistance to the vehicle maintenance industry, IDEM has learned that, often times, other shops within the industry serve as the best source of information. If your shop would like to work with others in the industry, contact any of the shops denoted with an asterisk to:

- 1) determine how they comply with the regulations;
- 2) locate vendors that carry specific products or perform needed services: and/or
- 3) find information regarding industry trade associations.

In addition to contacting any of these shops, feel free to contact IDEM's Compliance and Technical Assistance Program (CTAP) at 317/232-8172 or toll free at 800/988-7901 for confidential assistance.
